NHS Foundation Trust

Book your blood test online

Information for patients and carers

This leaflet sets out the changes that we are making to our adult blood test service to ensure you have the best experience when you visit us.

What is changing?

From September 2021, Homerton University Hospital will be offering the adult blood test service by appointment only. You will be required to book an appointment to have your blood test at the Clifden Centre (Homerton Hospital) or the John Scott Health Centre (if your GP has requested a blood test).

If you already have an appointment with the hospital doctor, you can have your blood test on the same day without booking a separate appointment in the Main Outpatients Department.

How can I book a blood test?

You can book your blood test online from September 2021. This is a free booking service. Please follow the steps below to book your test online.

1. Go to: https://www.homerton.nhs.uk/phlebotomy and click on the link under '**Book Appointment**'
2. Select your appointment type.
3. Choose what time you would like to come in.
4. Enter your details (please note that you will only have to do this the first time you book a blood test and you can use the same log-in details if you need to book another test later).

What do I do if I cannot book my blood test online?

If you are unable to book your blood test online, please call to make an appointment on **07342 068 763** (Monday to Friday, 8am to 5pm). Normal call charges will apply.

Further information

For more information about the blood test service at Homerton University Hospital, please visit our website at www.homerton.nhs.uk/phlebotomy

Adult Phlebotomy Service

Homerton University Hospital NHS Foundation Trust

Homerton Row, E9 6SR

☎: 020 8510 5555 and ask for the Blood Clinic
